

## CH-4/ SJ General Engine Oil

### **【Performance features 】**

- Remarkable high-temperature detergent and low-temperature dispersant, which can effectively restrain the generation of deposits, lacquer film and oil sludge and keep the engines clean;
- Excellent thermal stability and anti-wear performance, which can effectively reduce wear of machine parts, prolong the service life of gasoline engines and diesel engines;
- Superb start performance, appropriate for general service in four seasons;
- Unique tiny-phosphor formula to protect the ternary catalytic converter;
- Low volatility to effectively cut the engine oil consumption.

### **【Application 】**

This product can be used in all top class sedan cars adopting SJ/CH-4, for example, some limousines and sports cars with brands of Cadillac, Lincoln, Benz, BMW, Audi, LEXUS and Buick as well as heavy-duty diesel engine trucks and large diesel passenger cars of Mack and Benz. This product is also appropriate for the bulldozers, grabs, mining equipments and power generation assemblies operating under various rigorous working conditions.

### **【Products 】**

5W/20, 5W/30, 5W/40, 5W/50, 10W/40 and 15W/40.

### **【Recommended Drain interval 】**

15,000 km for gasoline vehicles and 25,000 km for diesel vehicles
